- Project 1: Mahanakhon Bangkok SkyBar (Restaurant, Bangkok)

1. MAHANAKHON BANGKOK SKYBAR

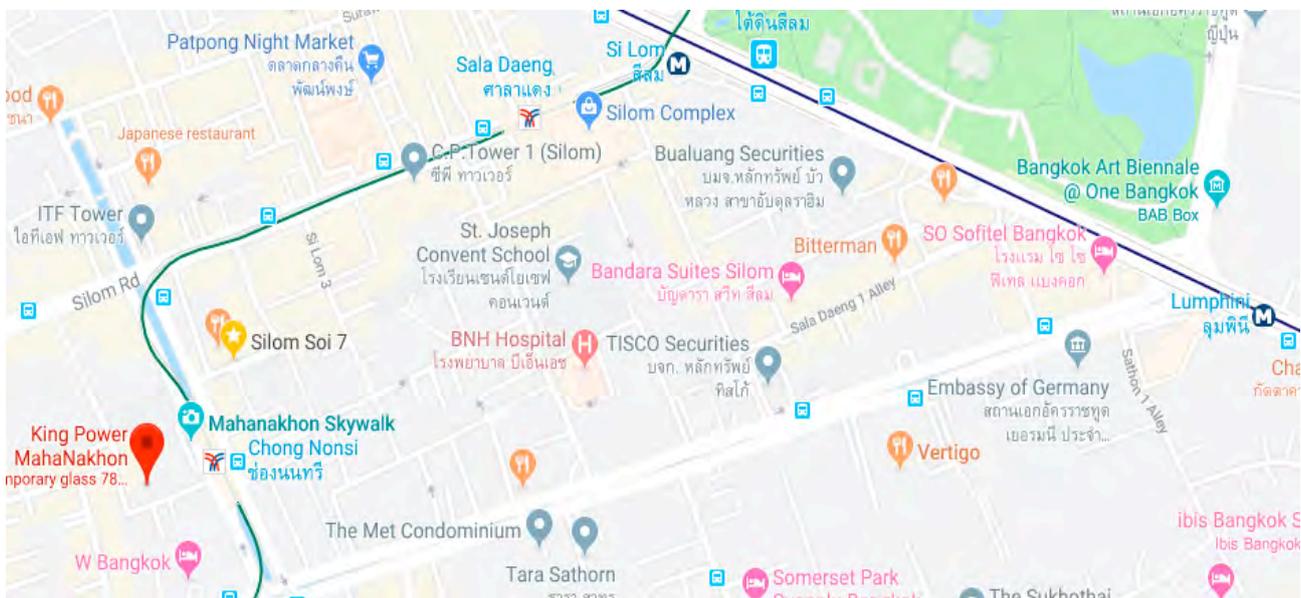

Project Overview

Located amidst Bangkok's newest iconic landmark and destination, King Power Mahanakhon, Wilson Associates' latest F&B project, Mahanakhon Bangkok SkyBar, is Thailand's highest restaurant and rooftop bar. Situated on the 76th and 77th floor of King Power Mahanakhon, it serves as a restaurant, elegant bar and entertainment venue. The new sky-high dining destination features 360-degree panoramic views of the city, targeting both local residents as well as international visitors. Offering both indoor as well as outdoor seating areas, the interiors are decorated using a warm and natural color and materials palette. The restaurant serves Western and Asian cuisine in a modern brasserie setting.

6. **Interior Designer:** Tristan Auer from Wilson Associates; www.wilsonassociates.com
7. **Website:** www.mahanakhonbangkokskybar.com

Location map

King Power Mahanakhon is located in the Sathorn area and directly connected to Chong Nongsi BTS skytrain station.

A wooden-paneled corridor extends a warm welcome to arriving guests.

The interiors mix French architectural styles with an elegant touch of Thainess in leather booths, mahogany and warm colors of brick orange and gold—all framed through floor-to-ceiling-windows.

A 9-person VIP lounge and spacious mezzanine sits atop a patchwork lacquer staircase, echoing the warm color palette found throughout Mahanakhon Bangkok SkyBar's interior.

Small tables with bamboo inlays dotted throughout serve as a nod to Thai culture.

The mosaic tabletop was created using eggshells.

The restrooms are equally stylish and offer panoramic views of the Bangkok skyline.
